**Verse-1:**

Time just passes, the minutes fade away, days just blend, and nothing feels the same.  
Haunted by these thoughts of you, I feel strangled and twisted from the pain you put me through.

**Chorus-1:**

X's and O's...Well I don't think so.  
All those lies that you told...I don't think so.

**Verse-2:**

All I do is just sit and think of all of those times that we spent together...no.  
Sit alone, left for dead, I find a way to lift my head again.

**Chorus-2:**

X's and O's...Well I don't think so.  
All those lies that you told...I don't think so.

**Bridge:**

I hang my head low, no where to go...now looking back at all that I know.  
And how I wish I could find the answers inside...I'm always searching but I know it's a lie.  
But how I wish it were true, these feelings for you. The jig is up go on and call me a fool.  
And I know that it's all over now, I hung my head as she stood her ground.

**Chorus-3:**

X's and O's...Well I don't think so.  
No, No, No, No I don't think so.  
No, No, No, No I don't think so.  
No, No, No, No I didn't think so.
