Verse-1:

How could she act like that? Well it's not the first time.
But she meant so much for so long...But I know that it's over now.
Why did these things have to end this way?
Who knew that she could be so cold but hey, I know I'm better off this way, cause it's not my first time.

Chorus-1:

Then I drop to my knees, I'm begging you baby Oh' please.
I know that you're strong, and I'm pleading baby hold on.
Oh' no, no, all the tension I cause, I'm blinded by things I can't see.
"I'm so scared to stay strong...it's time to move on".

Pre Verse-1:

So I'll be missin and always wishin that she didn't stand her ground.
It so simple, so, so simple. But baby, she ain't here now.

Verse-2:

And all those things that you said to me, they didn't mean a damn thing. Oh' no, no, no, no.
Love was the game that we played, it's so sad you lied that day.
Oh', no, no, no, no. And I see so clearly now. Just like a new born child.
And I think it's kind of sad that she'd stay, in that state of denial.

Chorus-2:

But then I drop to my knees, and I'm begging you baby Oh' please.
I know that you're strong I'm pleading please baby hold on.
Oh' no, no, all the pain that I cause, I'm blinded by things I can't see.
You say you're scared to stay strong? It's time to move on.

Bridge:

It's so simple, so, so simple. But baby, she ain't here now.
So I'll be missin and always wishin that, she didn't stand her ground.
Ya see...Time makes fools of us all, and I am living proof.
I won't get mad, though I'm always sad that our love no it wasn't true.
I'll go ahead and go breakdown.
Go and breakdown.
And let it all hang out.

Outro:

It's so simple, so, so simple. But baby, she aint here now.
I'll be missin and always wishin that, she didn't stand her ground.
And it all comes back to you...
